№ 12-318-4/2

We invite you to take part in the conference «ENERGY AUDIT AS THE BASIS FOR ESCO PROJECTS IN RUSSIA».

The conference is organized by Smart City Tech Group Company and supported by the Ministry of Energy of the Russian Federation in the framework of BASREC cooperation.

The workshop is seen as an open platform to discuss the development of energy audit market in Russia in general and, in particular, the latest updates in legal regulations, energy audit as an instrument for implementation of regional energy efficiency programs as well as state support for energy audit and ESCO projects in Russia. We invite representatives of federal and municipal state authorities as well as companies-providers of energy audit services and technologies on the Russian market to take an active part in the discussion. We see this as an opportunity to present your experience in this field and express your opinion on current state and further development of energy audit market in Russia.

The workshop will take place on December 4th, at the Ministry of Energy of the Russian Federation (42 Schepkina Street, Moscow 107996). Admission is free of charge. Working languages: Russian, English.

We would appreciate your participation in the workshop and encourage you to make a presentation. Please, kindly, confirm your attendance and the topic of your presentation: Oksana Boytsova, +7 (90679109040), boytsova_oks@yahoo.com or Dmitry Lifatov, dlifatov@yahoo.com, +7 (9647104733), Smart City Tech Group.

Draft agenda of the workshop is attached.

I.GALKIN
