

BALTIC CARBON FORUM

Network & Program

Per Arne Nilsson

Tallinn, Estonia

22nd April 2015

Conference program day 1 Wednesday, April 22nd

13:00 A: Welcome addresses (Meeting room Omega)

A-1 BASREC

A-2 Nordic Council of Ministers

A-3 The Network and Conference Program

Timo Tatar, Estonia, BASREC chair country

Johan Vetlesen, Norway

Per Arne Nilsson, Network Coordinator

14:00 B-1 The Global Status of CCS

14:30 B-2 IEA and the Nordic Energy Technology Perspectives

John Scowcroft, GCCSI

Svend Søyland, Nordic Energy Research

15:00 Break, refreshments

15:30 C-1 Cross-border collaboration - essential for geological success in the Baltic Sea Region

Richard Vernon, SLR Consulting

16:00 C-2 3D-modelling the North German Basin

Gabriela von Goerne, BGR, Federal Institute for Geosciences and Natural Resources, Germany

16:30 C-3 Plans for phase 2 of SwedSTORECO2: Site characterization via seismic surveying and drilling at Gotland, Sweden

Chris Juhlin, Uppsala University

17:00 C-4 Discussion and Closing of day 1

19:00 Joint Dinner, hosted by the Finnish CCSP; Radisson Blu Hotel Olümpia

Conference program day 2, Thursday, April 23rd

08:30 E-1 Task Force – Geological Storage

Nicklas Nordbäck, GTK, Finland, Task Force Chair

09:00 E-2 Task Force – Communication

Kirsty Anderson, GCCSI, UK, Task Force Rapporteur

09:30 E-3 Task Force – Transport
Task Force Chair

Nils Rydberg, CCS Wirtschaftsberatung, Germany,

09:30 Break, refreshments

10:00 D-1 Funding opportunities in HORIZON 2020 and Interreg Baltic Sea Region Programme

Alla Shogenova, Institute of Geology at Tallinn University of Technology, Estonia

10:30 D-2 NORDIC CCS Research and need for Baltic Interreg Baltic Sea Region Programme

Matti Nieminen, VTT, Finland

11:00 E-4 Discussion – Network Synergies

Per Arne Nilsson, Network Coordinator

12:00 Lunch

13:00 - ca 14:00 Network meeting and closing

Background, BASREC's CCS initiative

Which are the key drivers?

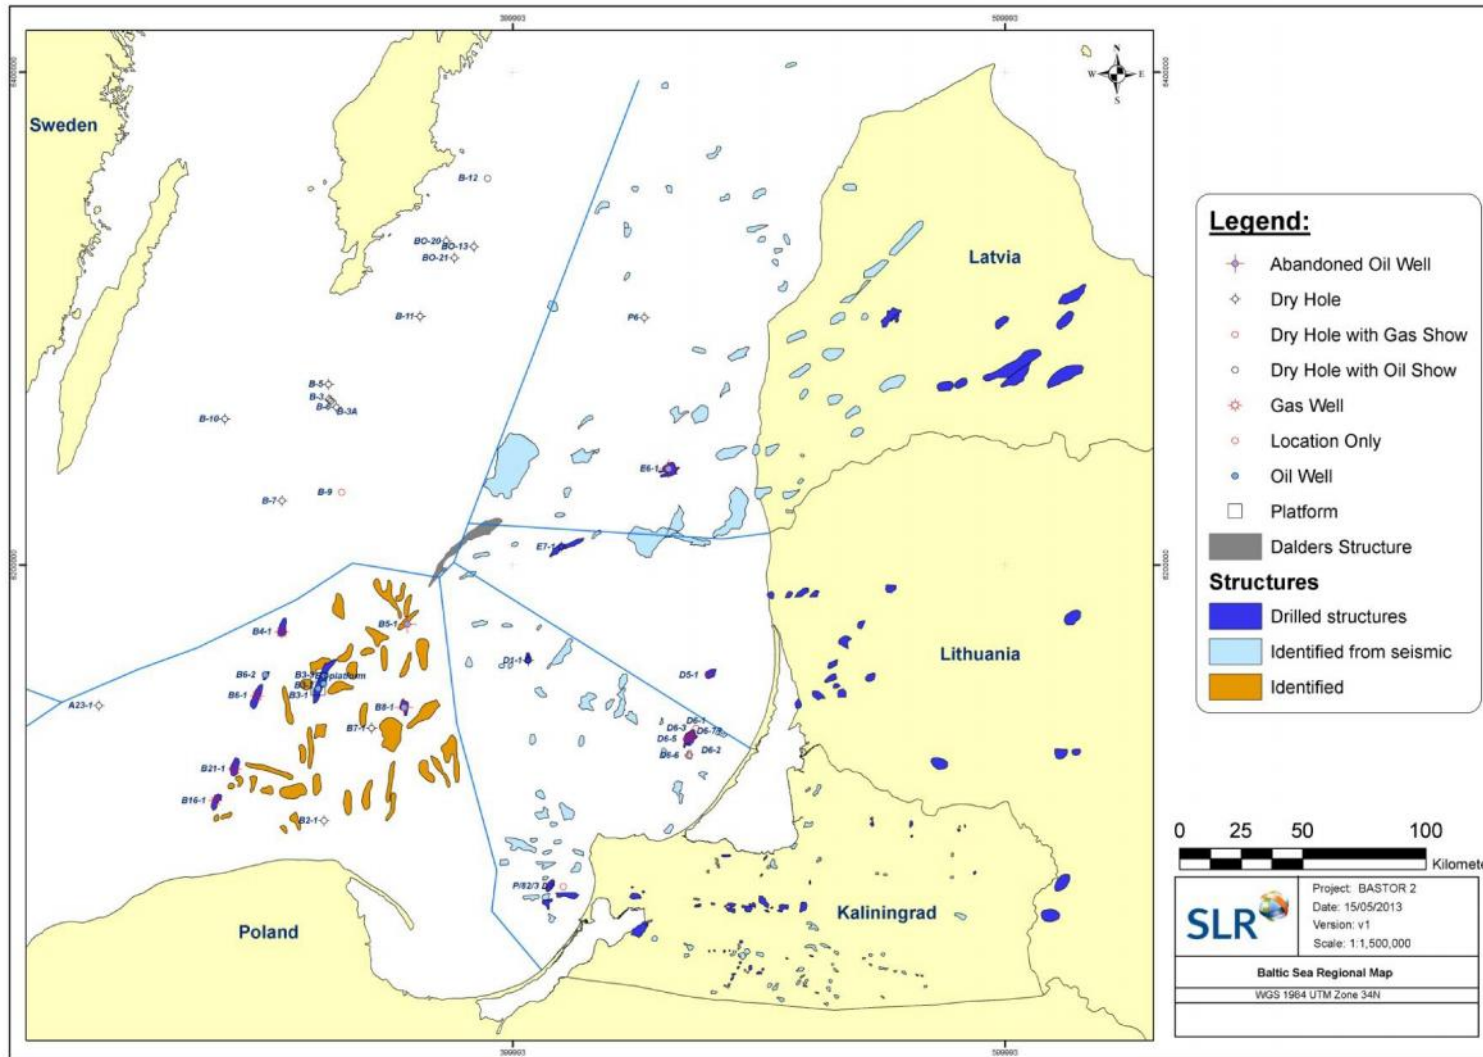

For the funding BASREC member states!

A wish to support the deployment of CCS in the Baltic Sea region

For network members?

An expression of interest to devote time and to work for the deployment of CCS in the Baltic Sea region

The Jurisdictional Challenge – one example

Current Network funding

	2014	2014	2015	2016	2017
Fees				Participation Memberships	
EU				<i>EUBSR 2014-2020?</i> <i>Horizon 2020?</i>	
Sponsors				Industry, organisations, institutions	
NCM		<i>Application granted</i>		Possible participation and cofinancing of an EU-project	
BASREC		<i>Application granted</i>		Cooperation and participation	

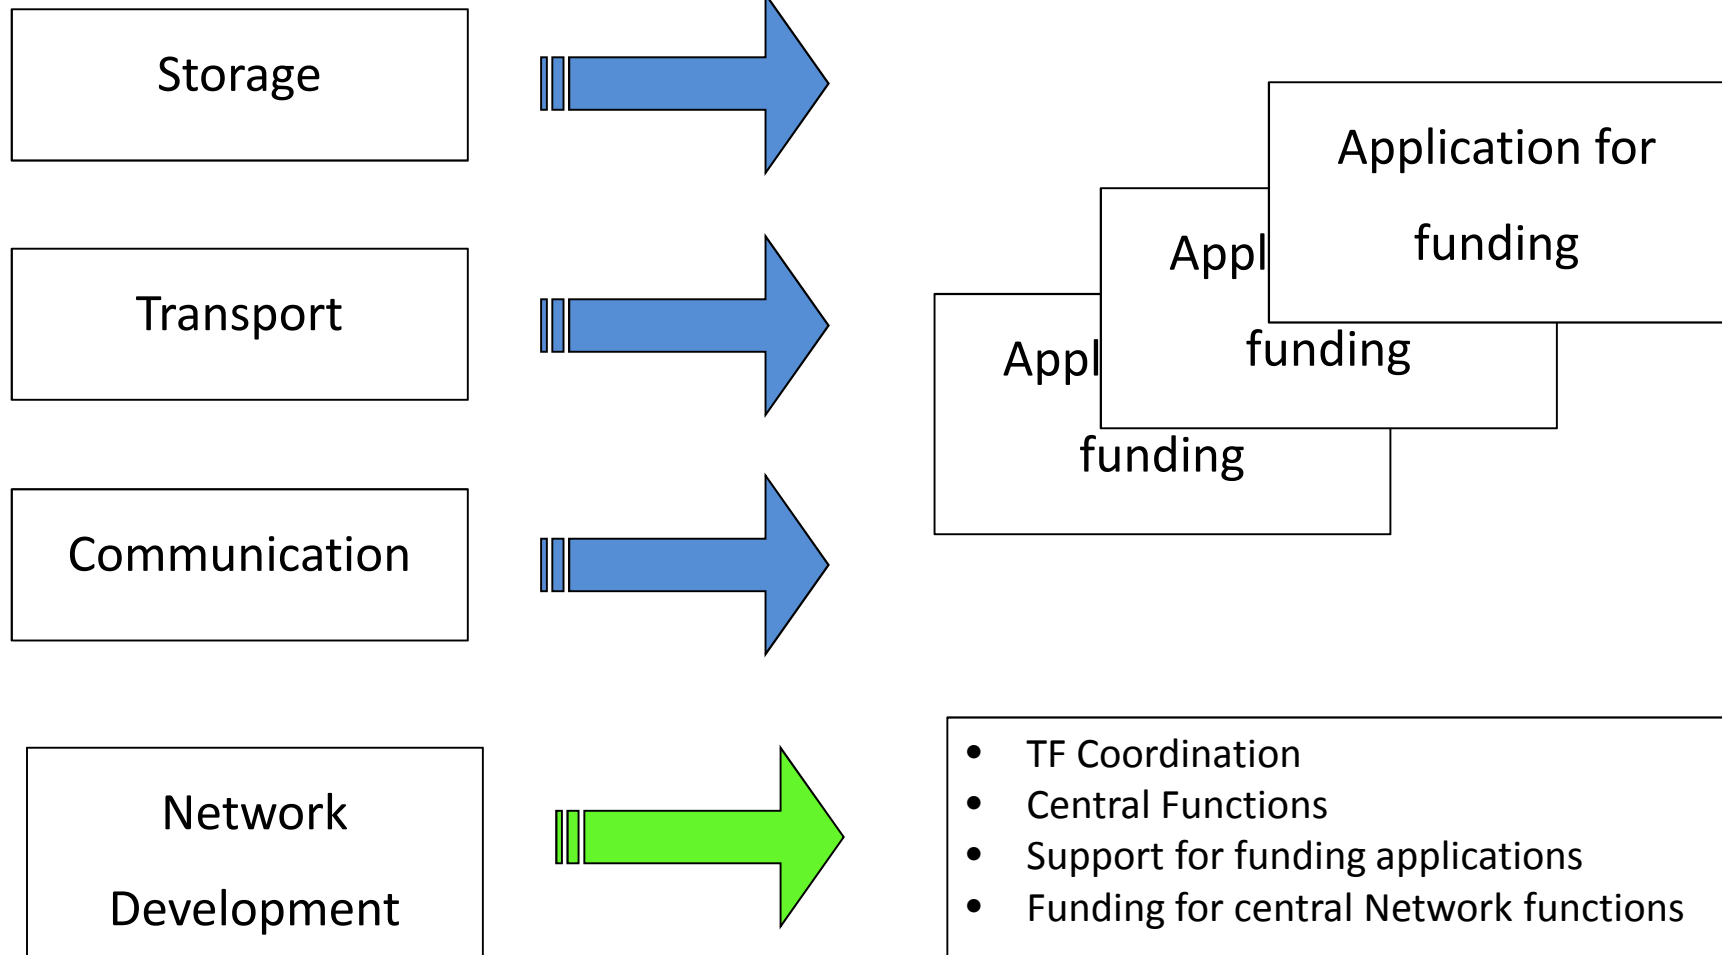

BASREC's direction

Topics to be addressed by the network:

- Baltic Sea Geological Storage Potential
- Transport infrastructure deployment
 - CO₂ shipping opportunities
- Public perception
- Regional CCS deployment strategies

Plans for 2015

Baltic Carbon Forum II - 2016

- 20-21st April 2016
- Gdansk, Poland

BALTIC CARBON FORUM
