

OLJE- OG ENERGIDEPARTEMENTET

Baltic Carbon Forum: **Regional, Nordic and national perspectives on CCS**

Ole-Jacob Edna, deputy director,
Ministry of Petroleum and Energy, Norway

Warsaw, October 29-30, 2015

Carbon Capture and Storage (CCS)

- **The Baltic Sea Region Energy Cooperation (BASREC)**
- **The Nordic Council of Ministers (NCM)**
- **Norway**

The BASREC declaration on climate and energy

Pre-study on CO2 transportation and storage solutions

Regional CCS-conference in Warsaw – 2012

Development of a CCS network

Nordic cooperation key priority - Green growth

Carbon Capture and Storage on the agenda

Active part in the Baltic Sea cooperation

Norway strongly supports carbon capture and storage (CCS) technologies as one important tool to mitigate climate change

Broad international cooperation is needed

OLJE- OG ENERGIDEPARTEMENTET

**Thank you
for your attention
and good luck
with the future
networking on CCS**
